TERMS & CONDITIONS

- I understand that I am authorizing Petersen Oil & Propane to run a credit report with the local reporting agency for the purpose of verifying my past payment history with other creditors.
- In consideration of Petersen Oil & Propane extending credit, we hereby agree jointly and severally to pay all costs, including goods, interest and merchandise supplied to the reverse side named business or individual. In the event it becomes necessary to place the account with an attorney for collection, we agree to pay all costs of collection including reasonable attorney fees, and hereby waive our privilege of being sued in the county of residence and agree that suit may be brought in Montcalm County, Michigan.
- We agree to immediately notify Petersen Oil & Propane at the above address of any change in ownership or form of said business. This instrument shall remain in full force and effect until Petersen Oil & Propane receives notice of revocation.
- All orders are subject to sales department and credit department approval.
- Any variation from our published terms must be in writing to be honored.
- All deliveries are due and payable within 30 days from ship date. No exceptions.
- Any account with a balance that exceeds thirty days may be imposed a service charge of 1.75% which is an annual rate of 21%.
- N.S.F. checks may cause an account to be placed on immediate cash in advance status and will be subject to service fees.
- No account will be opened for rental tenants, only for landowners.
- Any invoice will be considered valid unless disputed within 60 days of its origin date (Two billing cycles).

- All accounts must maintain minimum usage of two FULL tanks per heating season. Petersen Oil maintains the right to change tank sizes if this condition is not met.
- Petersen Oil has a strict policy on residential heating accounts that no delivery will be made unless all previous deliveries are paid. Customer will be responsible for any fees resulting from running out if a balance exists on the account.
- Petersen Oil prohibits any individual tampering with lines or equipment that are owned by the company. Disconnection of equipment will result in removal of equipment.
- I understand that Petersen Oil recommends a *keep full* account. This means that I will receive regular deliveries from fall until spring. I am guaranteed not to run out of fuel providing that my account is current. I understand that if an invoice remains unpaid that I will be removed from the delivery schedule until which time that my account is made current. At the point that my account becomes current I will receive a delivery on the next scheduled route in my area.
- I understand that by choosing to be on *will call* I will need to schedule my deliveries as to allow Petersen Oil at least a seven-day notice to make delivery. I accept responsibility if I run out of fuel and am aware that emergency service fees exist if I require a delivery prior to the next scheduled route in my area.
-

- I understand to receive delivery that I must maintain access for the driver and truck to my tank. This includes snow removal, tree branches or limbs or any form of obstacle.
- I understand that I am responsible to inform Petersen Oil & Propane of any underground wiring, piping or systems that they may come in contact with in regard to burying gas line. If I fail to inform them or give incorrect information I agree to hold them free of liability for any and all repairs to such.
- I have been informed that any animal that I may have will need to be chained or penned during my delivery. I know that if an animal is outside and the driver for any reason feels unsafe to make the delivery an emergency fee may be imposed to come back a second time if the truck is no longer in my area.
- I have informed Petersen Oil & Propane in writing of any special delivery instructions. Such as where not to drive etc., If I fail to make these arrangements known I agree to accept all liability in regards to damage or inconvenience.

OUT OF GAS POLICY

- I understand that if Petersen Oil determines at the time of a delivery that the LP supply tank is empty it will be necessary to perform a reinspection of the entire gas system. This will include verification of all the appliances as well as the pressure and leak tests.
- Petersen Oil will impose a fee of \$40.00 for this inspection if it is done at the time of the delivery. If arrangements have to be made to come back at a later time the fee imposed will be \$75.00. Fees are subject to change.
- I understand that I need to be present at the time of this inspection or assign someone to be there on my behalf.
- I further understand that if the tank is found empty at the time of delivery and no one is home to allow this inspection to take place that my tank may or may not be filled. If the tank is filled I understand that it will be locked and rendered unsafe to use until inspection can be arranged.
- I have been informed that if I run out of fuel and request emergency service on a day that a truck is not scheduled to be in my area that I will pay a fee for this service that will be disclosed to me in advance of delivery being made. I also understand that disconnection of my service for any reason including temporary cylinder hookup may result in the removal of equipment.
- The above mentioned fees apply to “Will Call” and past due accounts.*
